

## About the Regional Housing Forums

The Regional Housing Forums are a critical initiative to provide access to the 2024 Oklahoma Housing Needs Assessment as well as information on the Oklahoma Housing Stability Program. The goal of the Forums is to empower local communities with the knowledge and tools to navigate the new Housing Needs Assessment and how to pair this data with the \$215M funding in the OK Housing Stability Program for their communities. Our goal is to train community leaders on the data tools and funding resources available to enhance the availability of housing for all Oklahomans.

## Why Sponsor the Regional Housing Forums?

Supporting the Regional Housing Forums demonstrates a proactive commitment to addressing local housing challenges and fostering data-driven decision-making. By engaging with community stakeholders and influencing housing policy discussions, your organization will strengthen its role as a leader in advocating for effective housing solutions and promoting sustainable development across Oklahoma.
